

Overview of CPC Metrics

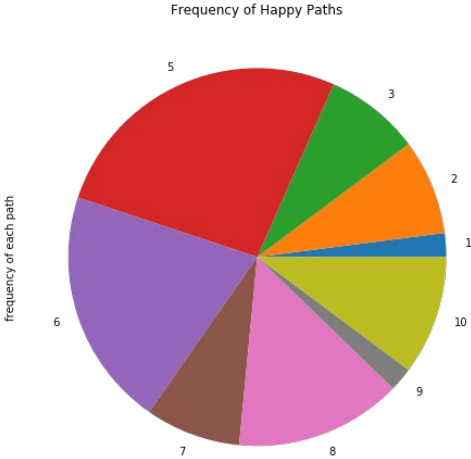

Group 2 has the most entries of spending (150), while the last 4 groups has the least (120). This does not necessarily mean that the groups with a larger count spends more.

Group 3c-1 has the largest cumulative spend overall, and it is also significantly more than two times the cost of the rest of the groups' spend.

It takes users over 10 days to convert to a Happy Path of 2, and the conversion days decrease from then, implying that it becomes easier to upgrade to the next status when one adapts to Happy Money.

On 2015-01-05, there were the most updates to a Happy Path of 10.
